

## THE ANNA FREUD CENTRE

### Story Stem Rating Service

Practitioners who have trained with us sometimes find that they lack time to transcribe and/or rate a narrative assessment. They may also wish to obtain an independent rating.

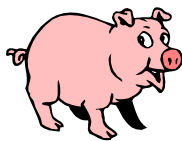

We have therefore set up a service to provide ratings, and if necessary transcriptions, of assessments.

#### **Costs:**

Rating of transcript: £50 per child assessment.

Transcription and rating of videotape: £100 per child assessment.

N.B: For assessments lasting longer than 75 minutes we may charge more for transcription. Transcripts of videos need to be of adequate quality.
